# Sale Information

## **VENUE:**

Merlewood Angus, 880 Berrys Creek Road, Mirboo North 3871

## **INSPECTION:**

Sale commences at 12:00pm AEST on Friday 26 March 2021 with sale bulls being penned and available for viewing from 9:00am onwards on sale day. The bulls will be sold by open-cry auction with video footage of each sale bull displayed on large screens in the background.

With the welfare of our animals being our utmost priority along with health and safety of both humans and cattle, we believe viewing the animals in their pen prior to the auction and recapping each lot with a live video segment during the auction makes for a pleasurable day for farmers and bulls alike.

Ben Hooper from Clear Vision Imaging will be filming the bulls and delivering the video footage on the day.

If for some reason you missed us at our Beef Week Open Day and wish to inspect the bulls prior to our sale day, please feel free to call Anne Marie & Daniel on 0425 862 941 to arrange a private inspection. General queries welcome at all times too.

## **SAFETY ON SALE DAY:**

All our sale bulls have been screened for safety and are quiet to handle under normal circumstances. Please note that sale day is not a normal environment for cattle and as such we ask you to exercise caution and be alert of fighting bulls. Visitors enter pens at their own discretion. Children are prohibited from entering the bull pens at all times.

## **AUCTIONS PLUS**

The sale is interfaced with AuctionsPlus and will be conducted online in real time. If you cannot attend the sale you must register 24 hours before the sale to bid. For further information or assistance with registration please contact Peter Rollason on 0419 600 323 or peterrollason@elders.com.au or auctionsplus.com.au

## **HERD HEALTH:**

All sale bulls are vaccinated for Vibriosis and Pestivirus

(BVDV). Please note that your bull is due his Vibrovax and Pestiguard annual booster in February 2021. These are important annual vaccinations (one shot booster) to ensure continued immunity against both the reproductive diseases of Vibriosis and Pestivirus respectively.

All our bulls receive 7-in-1 vaccination at weaning with their annual booster being administered pre-sale. Please note that your bulls is due his 7-in1 vaccination (one shot booster) in February 2021.

All cattle at Merlewood Angus are drenched on as-needed basis and we practice drench rotation – current drench Cydectin.

All sale bulls have been fertility tested and independently structurally assessed by Ian Moreland of Studcare Genetics.

All sale bulls are performance recorded HBR or APR with Angus Breedplan and are registered with Angus Society. We will arrange for transfer of ownership with the Angus Society of all sale bulls. Purchasing a registered bull enables you to sell his offspring into select export markets – speak to your local stock agent for more details. IF you have an Angus Society prefix, please provide it when you register for the bull sale.

Merlewood Angus cattle are J-BAS 8 accredited. This means that in addition to the implementation of our biosecurity plan, we are audited yearly by an accredited vet and our animals are blood-tested every three years in accordance with industry best practice.

## **GENOMIC TESTING:**

All sale bulls are DNA tested using the ANGUS GS test. This ensures DNA sire verification of all bulls in our catalogue. Furthermore, the testing allows additional information to be incorporated into the EBV calculations providing greater accuracy and more information available behind the EBV data shown in the catalogue.

## **GENETIC CONDITIONS:**

The gene status of all sale bulls is clearly displayed for each individual lot.

**OUTSIDE AGENT REBATE:**

3% rebate will be paid to outside agents that accompany the purchaser to the sale and settle within 7 days of sale date.

1.5% rebate will be paid to outside agents that introduce a client in writing 48 hrs prior to the sale and settle within 7 days of sale date.

0.5% rebate will be paid to outside agents that handle the sale transaction only and settle within 7 days of sale date.

**GST:**

As is common industry practice, all bulls are sold GST exclusive.

**DELIVERY:**

Courtesy of Merlewood Angus free freight will be provided for distances within 150km of our property.

**INSURING YOUR BREEDING ASSET:**

Please note that at the fall of the hammer the bull belongs to you. As such we strongly recommend that you take out insurance.

Merlewood Angus recommend insuring all bulls for at least the first 2 years of their working life.

**BRINGING YOUR BULL HOME:**

When your newly purchased bull arrives home to your farm, ensure that they are unloaded at the cattle yards into a group of house cows, steers or herd cows. Bulls from different seedstock producers should be put in separate yards with other cattle for company. We do not recommend placing newly purchased young bulls with older herd bulls for multiple-joining. For more information please visit [angusaustralia.com.au](http://angusaustralia.com.au)

**SELLING AGENTS:**

Nutrien Livestock and Elders are Merlewood Angus' selling agents.

This year our auctioneer will be Ross Milne of Elders.

**PRE & POST SALES SERVICE:**

We believe that purchasing your Merlewood Angus bull is only the start of the cattle conversation.

We encourage open and honest communication at all times. We are here to answer all your breeding queries and assist you with choosing a bull each year for your commercial breeding program and as we get to know both you and your herd we can offer a more tailored-service. For all your pre-sale queries contact Anne Marie & Daniel on 0425 862 941.

**MERLEWOOD ANGUS GUARANTEE:**

Merlewood Angus sale bulls are backed with a 12-month guarantee. In the event of a sale bull proving to be structurally unsound, infertile or incapable of service during this period we will:

- 1) Replace the bull with a satisfactory replacement
- Or
- 2) If no replacement bull is available, we will issue a refund equal to the value remaining (i.e. sale price minus salvage value)

A veterinary certificate must be supplied by the purchaser on request. The guarantee covers the purchase value of the bull without interest, cost and damages.

This guarantee is in addition to normal terms and conditions governing auction sales and as such the vendors decision will be final.

Merlewood Angus bulls are rigorously checked and continually monitored and evaluated. Only the best get to make it to sale day.

**SEMEN RIGHTS:**

Merlewood Angus retains the right to collect semen from all sale bulls for use within their own herd. In the event of the semen collection right being exercised, this will be at a time convenient to the owner and at Merlewood Angus' cost. In the event of the bull being on-sold, this right carries forward.

**DISCLAIMER:**

Whilst all due care and attention has been paid to accuracy in the compilation of this catalogue and the information, neither the vendors, selling agents or representatives there of assume any responsibility for the correctness, use or interpretation of this information on animals included herein.

# Welcome

Dear Fellow Farmers

Wow what a year! As we sat down to write our letter for our 4th Annual Bull Sale last year, we had no idea what was around the corner for us all. 2020 will be remembered by everyone for a whole range of diverse and varied reasons. Each of us will have our own take, our own unique view and our unique perspective. One thing though that we will all have in common is a shared paradigm shift.

One welcome paradigm shift that all farmers, particularly breeders of quality cattle, are experiencing is that parts of the global beef market CAN and HAVE defied gravity during the turbulent economic tides of the past 12 months delivering the strong message that the future of the Australian beef market is in QUALITY. Superior, leading industry genetics being the foundation of quality cattle.

Organisations such as Angus Australia and Meat & Livestock Australia continue to promote the clean, green image of Australian beef; with the latter ensuring the branding and promotion of black angus beef is in line with the changing consumer consciousness when it comes to health, animal welfare, in-country bred, environmental and carbon footprint amongst other consumer driven credentials.

Never has there been a better time to upgrade your genetics. With more cash in your pocket, you can buy that bull that you always picked but wasn't quite in your budget. This is the year to burst your budget; up levelling your genetics WILL pay dividends. This is certainly the year to get bang for your buck.

Three out of four of our annual bull sales have seen outstanding sires being sold to fellow stud breeders. As our genetic pool continues to improve our cattle are starting to make an impact in the black angus gene pool. A thank you to Josh Harbison of Dunoon Angus for sending us this photo of Merlewood Ponting P8; paddock picture from October 2020.

MERLEWOOD PONTING P8

We thank all our clients for your continued support and trust in our product. We love seeing your Merlewood Angus sired off-spring sell at the VLE and hearing all your stories and seeing all your photos that you share with us via social media. We are also loving the feedback that we are receiving from finishers who are now eagerly looking to buy Merlewood Angus sired cattle at the VLE as they now know from experience that superior genetics mean less days on farm and therefore more cash in their pockets. We are loving the symbiotic nature of our relationship as we continue to help each other put Gippsland Grass-Fed Beef and Gippsland Bred Black Angus Bulls on the map.

We thank you for journeying with us and look forward to the decade ahead and where our journey will take us.

With much warmth

Anne Marie, Daniel, Luke and Willie  
THE MELEWOOD ANGUS TEAM

# Need top nutrition for optimum production?

See us at the Merlewood Bull Sale Mirboo North!

**Bio-Boost delivers systemic NPK & Trace Elements economically!**

**Bio-Boost NPK Foliage Spray** is high in energy, with premium levels of Phosphorous, Nitrogen, Potassium and trace elements for good pasture or crop nutrition. Within seconds of application the spray starts to work systemically, helping to correct deficiencies and improve the health of pasture.

- Reduces the need for supplements

- Helps with weight gain and productivity. **Bio-Boost NPK Foliage Spray** travels down into the roots to compensate soil 'lock-up' and deficiencies in pasture and crops. An excellent natural agent for fast pasture recovery.

Composition: Nitrogen 22.5%, Phosphorus 5.85%, Potassium 9.01%, with trace elements.

Call (03) 5153 0277 for more info or visit [gfssolutions.com.au](http://gfssolutions.com.au)

## ARE YOUR STOCK REACHING THEIR FULL POTENTIAL?

CONSIDER MEGATRACE

*Lack of Production, Poor Performance, and Health Constraints can often be attributed to missing nutrients.*

MegaTrace is a concentrated and chelated trace mineral supplement suitable for all livestock.

This complete all-in-one balanced liquid mineral package is a unique formulation of organically protected bio-available minerals in a seaweed base.

Trials have shown that can MegaTrace can substantially improve the general health of your livestock

See us at the Merlewood Bull Sale, Mirboo North  
...or call now for free information.

# Discover the **Bio-Boost** benefits that no other fertiliser can offer!

**Specially formulated for low Calcium/Magnesium soils to increase leaf size and productivity.**

Calcium has long been recognized as an important soil amendment.

Using a highly soluble source of calcium like Cal/Mag5:1 can:

- quickly remove harmful sodium salts from the root zone
- establish valuable calcium, magnesium and nitrogen levels
- provide proper nutrition for rapid recovery and vegetative regrowth.

Low Magnesium soils produce weak plants with small leaves, By applying the highly concentrated multi-purpose Cal/Mag 5:1 at only 5 ltrs/Ha, the leaf size and productivity will increase.

Ca:10.5, Mg:2.1, Liquid Sea Minerals + Boron, Molybdenum, Molasses + Seaweed + Silica

# DISCLAIMER AND PRIVACY INFORMATION

## Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

## Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

# : DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

## Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

### BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents.....

.....(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: ..... Signature: .....

Date: .....

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

If you have any questions or queries regarding any of the above, please contact Angus Australia on (02) 6773 4600 or email [office@angusaustralia.com.au](mailto:office@angusaustralia.com.au)
